MYSCCareer Source

Mentor Guide

This is your invitation to become a business mentor to SCC students. Being a mentor can involve as much or as little time as you have to give. Once you are registered as a mentor, SCC students will be able to contact you for career advice, guidance, etc. It is possible to limit the number of student contacts you receive each month so that your commitment aligns with your busy schedule. If there are periods when you are extremely busy and unable to provide this mentor support, simply contact the Career Development Center and request that your account be flagged as inactive until you notify the Center otherwise.

Below is a list of mentoring services for which you are able to register. It is possible to select only the mentoring services you are interested in providing.

Email Networking with Students

Informational Interviewing—approximately a 1 hour commitment

Job Shadowing—approximately a 1 day commitment

Mock Interviewing—approximately a 1 hour commitment

Speaking with Clubs or for Special Programs
